If you have a pool not shown on FORM A, please fill out this measuring form, FORM B for a free quote with freight prepaid.

TYPE B POOLS: "A-B Measuring" instructions for Free-Form Pools and Replacement Safety Covers

STEP 1:

Using graph paper we've provided; draw an accurate diagram indicating the inside pool dimensions. Include the deck area, planters (if you have them), and any other obstructions that are within 18" of the waterline. Photographs of the pool are required when you have rocks, waterfalls, raised walls, spas, or anything other than a simple, unbroken coping perimeter.

STEP 2:

Establish two points to be called A and B, parallel to the long side of the pool (see below). These points should be at least 25 feet apart (or 2/3 the total length of the pool), and able to easily be marked with chalk (or stakes if in the lawn). A must be to the left of B as you face the pool. Be sure to provide the distance between A and B as you face the pool. See next page.

Note: The A-B line must never intersect the pool and must be at least 3 feet away from any marked point (pool, anchors, and obstructions) regardless of how far back the line needs to be extended.

A-B MEASUREMENT DIAGRAM (A-B measurements are ALWAYS needed for Type B pools)

KIDNEY SHAPED POOL

FREE FORM POOL

STEP 3:

Using chalk mark number points along the inside edge of the pool at a maximum of 2-foot intervals. Be sure to identify all non-removable obstruction points when filling in your measurements on the measuring chart provided. Always number in a clockwise direction.

Number all corner points, direction changes, ladders, handrails, grab rails, slide legs, rocks, spillways, spa walls that separate the spa and pool, fill spouts, and dive stands that are **not removable**. **IMPORTANT: Also number any anchors from a previous safety cover.** 1-foot intervals should be used in small or tight radius areas. Remember to include the total length of your A-B line, along with the overall length of your pool.

STEP 4:

Provide cross dimensions from numbered points. These are important so we can verify whether they match the A-B measurements of your pool.

Custom Cover Measuring Example: "A-B Measuring" Instructions for Free-Form Pools and Replacement Safety Covers

STEP 1:

Measure the distance from Point A to Point B and record the measurement in the space provided on the measuring form.

STEP 2:

Measure the distance from Point A to Point 1 and record the measurement in the chart provided.

STEP 3:

Measure the distance from Point A to Point 2 and record the measurement in the form provided.

STEP 4:

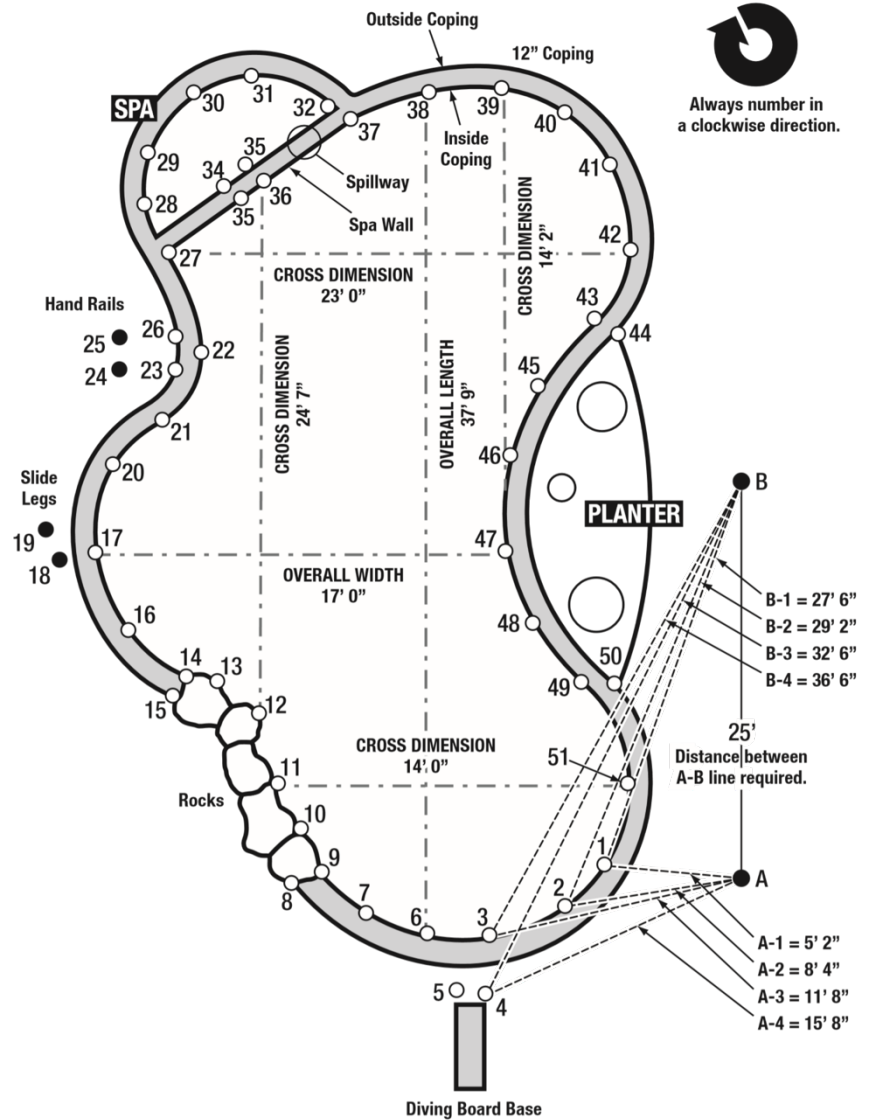

Continue taking the same type of measurements for all other numbered points on the pool (Point A to Point 3, Point A to Point 4, Point A to Point 5, and so on...)

STEP 5:

Measure from point B to 1, 2, and so on and record the measurements under B on the form provided.

STEP 6:

Measure the overall width and length of the pool by selecting numbered points that represent these distances and record measurements in the spaces provided on the measuring form.

| EXAMPLE: A & B MEASUREMENTS | | |
|-----------------------------|-----------------|--------|
| POINT | A | B |
| 1 | 5' 2" | 27' 6" |
| 2 | 8' 4" | 29' 2" |
| 3 | 11' 8" | 32' 6" |
| 4 | 15' 8" | 36' 6" |
| 5 | CONTINUE | |
| 6 | | |
| 7 | | |
| 8 | | |
| 9 | | |

OVERALL POOL MEASUREMENTS: "POINT TO POINT"

Overall Width = 17 feet (point 17 to point 47)

Cross Dimension = 14 feet (point 11 to point 51)

Cross Dimension = 23 feet (point 27 to point 42)

Overall Length = 37 feet, 9 inches (point 6 to point 38)

Cross Dimension = 24 feet, 7 inches (point 12 to point 36)

Cross Dimension = 14 feet, 2 inches (point 46 to point 39)

NOTE: Continue taking A and B measurements for all numbered points that you made around your pool. The measurements from the numbered points should all touch A and B at the exact same point.

REQUIRED INFORMATION: Type #2 Pools

Answer ALL questions. If items are **NOT REMOVABLE** and **LESS THAN 18" FROM THE WATERLINE**, measurements must be given using the same AB method that was used to measure the pool. If your pool has obstructions and/or special features, please provide photos of each area.

- | CHECK ONE: | YES | NO |
|---|--------------------------|--------------------------|
| 1. Are there skimmer covers? | <input type="checkbox"/> | <input type="checkbox"/> |
| Are the covers flush with the deck? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Are there ladders? | <input type="checkbox"/> | <input type="checkbox"/> |
| Are the ladders removable? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Measure to locate ladders, and distance ladders extend into the pool. | | |
| 3. Are there handrails? | <input type="checkbox"/> | <input type="checkbox"/> |
| Are the handrails removable? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Measure to locate handrails, and distance handrails extend into the pool. | | |
| 4. Are there grab rails? | <input type="checkbox"/> | <input type="checkbox"/> |
| Are the grab rails removable? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Measure to locate grab rails, distance rails are set back from the pool, and to the points where the rails dip below the coping. Also indicate type of grab rail. | | |
| 5. Is there a fill spout? | <input type="checkbox"/> | <input type="checkbox"/> |
| Is the fill spout removable? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Measure from pool to front of fill spout. | | |
| 6. Is there a dive stand? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Measurements are required. Also give distance legs are set back from pool edge. | | |
| 7. Is there a slide? | <input type="checkbox"/> | <input type="checkbox"/> |
| Are slide legs within 18" of the waterline? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Measurements are required. Also give distance legs are set back from pool edge. | | |
| 8. Are there any Grab Rocks? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Measure to locate placement. How wide are the rocks? | | |
| 9. Is there a spa? | <input type="checkbox"/> | <input type="checkbox"/> |
| Is the spa level with the deck and/or coping? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: How much is the spa raised above the pool? | | |
| 10. Is a separate cover required for the spa? | <input type="checkbox"/> | <input type="checkbox"/> |

- | CHECK ONE: | YES | NO |
|---|--------------------------|--------------------------|
| 11. Does the spa wall have an open spillway? | <input type="checkbox"/> | <input type="checkbox"/> |
| If it is an open spillway, A-B dimensions are required to locate the spillway. (Please provide a photo.) | | |
| 12. Is there a planter area? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Give A-B dimensions at start and finish of planter area. Give width of coping between the pool and the front of the planter. _____ | | |
| 13. Do you require stakes or anchors in the planter area? _____ | | |
| 14. Is the planter raised? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: What type of material is the planter made of? _____ | | |
| 15. Is the planter strong enough for the cover to snap-hook into? | <input type="checkbox"/> | <input type="checkbox"/> |
| 16. Is there a raised wall or raised bond beam? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: How high? Give A-B dimensions at the beginning of the wall as well as point along the wall at the deck line. | | |
| 17. Are there waterfalls or rocks? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Give A-B dimensions of the beginning and at the end of the obstruction as well as points along the pool. (Please provide a photo.) | | |
| 18. Are there varying deck levels? | <input type="checkbox"/> | <input type="checkbox"/> |
| If Yes: Give A-B dimensions at level change. Give A-B dimensions indicating the angles where level change cuts back from the pool. How much of a level change is it? _____ | | |
| 19. Do you have at least 3 feet of deck around the pool? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Please show dimensions on your sketch. | | |
| 20. Do you have a concrete deck? | <input type="checkbox"/> | <input type="checkbox"/> |
| If No: Please specify what type (wood, brick, etc.) _____ | | |

IMPORTANT!!!

Submitting this measuring form indicates that you have verified measurements, and that the information you have supplied to us is correct. Your new safety cover will be made to these specifications when you place your order. If you need to make changes to your measurements and specifications, please resubmit them in writing. Custom Safety Covers are no returnable due to inaccurate measurements.

SAFETY COVER Measuring Form B

X

I understand our cover will be made to these measurements. No returns are accepted for inaccurate measurements.
